ABATEMENT POLICY FOR VACANT SEASONAL PROPERTY HOME INSPECTIONS.

Owners of vacant seasonal property, requiring water service to be connected for no more than five days for the sole purpose of home inspections, shall be charged a flat rate of \$50 for this service. An agreement to this effect between the Utility and the owner must be made and approved in advance and in writing by both parties. Owners who choose to keep the water service for more than 5 days or for purposes other than home inspections will be considered to have voided the agreement, and will be charged for water service at the regular seasonal rates in effect at the time.
