

Application for Water Service

APPLICATION FOR SERVICE. The owner or the owner's agent, or the occupant of the establishment to be served may apply for service on forms provided by the Utility. If seasonal rental property, only the property owner may be an applicant for service. Any tenant may become a Customer if the tenant assumes responsibility for future service under the conditions set forth in 35-A M.R.S.A. Sec. 706(2), Chapter 810, Sec. 9(I)(2) of the Commission's Rules, and Section 5 below. If a new service connection or other work on the establishment is required, the owner must authorize the Utility to enter the premises to do the necessary work.

CHARGE FOR ESTABLISHMENT OF SERVICE. The Utility will charge \$10.00 to establish water service if it is not necessary for the Utility to visit the premises to connect the service. If it is necessary for the Utility to visit the premises to connect the service, the Utility will charge \$10.00 plus \$23.50 during the normal business hours of 8:00 a.m. to 3:30 p.m., Monday through Friday. During holidays and other than normal business hours, the charge will be \$10.00 plus \$53.00.

Water utilities must comply with the Federal Trade Commission's (FTC) Identity Red Flag Rule. The rule requires utilities to develop a program that consists of selecting methods to detect red flags when accounts are fraudulent, procedures to prevent the establishment of false accounts, procedures to ensure existing accounts are not being manipulated, and procedures to respond to theft. All utilities are required to comply with the FTC's rule. The primary purpose of the rule is to protect against the establishment of false accounts and ensure existing accounts are not being manipulated. This regulation does not address or require utilities to adopt measures that will protect consumer information and prevent unauthorized access.

CUSTOMER PRIVACY

This utility shall not disclose, sell or transfer (other than for debt collection, credit reporting, or usage reporting pursuant to state and federal law or to law enforcement agencies pursuant to lawful process, or as otherwise authorized by law, Commission Rule or Order), individual customer information, including, but not limited to, a customer's name, address, telephone number, or payment history, to a third party without the consent of a customer. Utilities may accept oral certification from a social service agency that they have received authorization from the customer to discuss that customer's account information. A utility may also share customer information with State, County, tribal and local emergency management agency personnel when the customer information is requested as part of that agency's response to an emergency situation.
